

Atlantian Letter of Decision, October, 2014

Unto the heralds of the kingdom of Atlantia does Dame Hróðný Rognvaldsdóttir, Golden Dolphin Herald of Atlantia, send humble greetings this autumnal month. This is my last letter of decision to write. It is a bittersweet assignment, as I am excited about handing this office over to my deputy (Opal) Seraphino Delfino, who has been practising writing letters so often in my stead that it may take you a while to realise that I am gone. She has some nice changes in mind and I am looking forward to the College's reaction to those. Thank you, all of you and not just the people who commented on this specific letter. Without your comments, your last-minute brainstormers, and your (very last minute) proof-reading, I could never have done this job and kept my sanity at the same time.

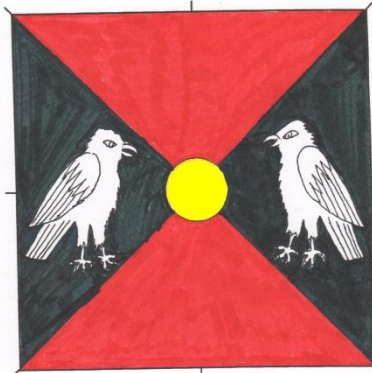

Here are the items intended for our October 2014 Laurel Letter of Intent. I wish to honour and thank the following heralds, for without their comments and guidance this letter could not have been written; Alys Mackyntoich (Blue Tyger), Beatrice Domenici della Campana, Beatrix MacBryd (Northern March), Ealasaid MacDonald (Finsterwald), Etienne Le Mons (Vexillum), ffride wlfssdotter (Goutte d'Eau), Gisela vom Kreuzbach (Triton), Gunnvor silfraharr (Orle), Juetta Copin, Kihō, Madog Hir of Aire Faucon (Kraken), Michel von Schiltach, Niccolina the Wanderer (Hippocampus), Sabine Berard, Seraphina Delfino (Opal Pursuivant), Subetei of Tir-y-don, Tanczos Istvan (Non Scripta), and the Northeast Calontir commenting group, which consisted this month of Lord Caoimhin McKee (Sangler Rouge Herald Extraordinary), Lady Rohese de Dinan (Shadowdale Pursuivant), and Gawain of Miskbridge (Green Anchor).

RETURNS

Alaric Messer - New Device (see “Acceptances” for name)

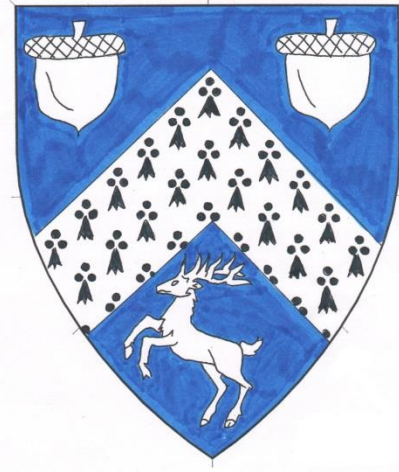

Argent, a lion rampant gules between three Latin crosses sable.

Sadly, this device is in conflict with the city and province of Leon: December of 1994 (via Laurel): *Argent, a lion rampant gules.* (Important non-SCA arms). There is one DC for the addition of the secondaries but it is lacking a second point of difference.

Anne de Evereux - New Device

Azure, a chevron ermine between two acorns and a stag springing argent.

In service,
Hróðný
