Letter from the Editor

Christoph Gir

Greetings unto the heralds and scribes of the Fair Kingdom of Atlantia. I am your faithful editor, and I bring to you today the 4th Issue of my tenure. In this issue I wanted to feature Heraldic Displays, and Lady Deirdre O'Bardon was thankfully very quick to provide. Within, you will find several of her mouth-watering Marzipan displays. Please do pay her a compliment, they are quite beautiful. My goal with this issue is also to be more communicative to my readers: for one, to provide more information as to themes of issues, to find out what readers want out of our newsletter, and to declare a specific day deadline for submissions of articles and/or art to be featured in Herald's Point.

I would also like to congratulate Mistress Ealdthryth of Humberstone on becoming the next Clerk Of Precedence, as well as pass on that there is also a need for a new Pearl Herald. Please reach out to Lord Cian, Triton Herald, if you are interested.

~ Christoph Gir, Manticore herald

Atlantian Letter of Decision, September 2016

Unto the College of Atlantian Heraldry, does Lady Seraphina Delfino, Golden Dolphin Herald of Atlantia, send Greetings. Here all the items intended for our September 2016 Laurel Letter of Intent.

Many thanks to those commenters who provided assistance this month: Æsa gylðir, Alexandria Wright (Silver Nautilus), Alisoun MacCoul of Elphane (Metron Ariston), Basil Dragonstrike (Lions Heart), Beatrice Shirwod (Opal), Best Pickel Ambberger (Lavaeolus of Saint Basil), Brenna Lowri o Ruthin, Catguistl of Tintagol (Herring), Christopher Devereux (Liber), Coblait Muimnech, Daniel the Broc, Deirdre O'Bardon (Northern March), Etienne Le Mons (Sea Dragon), ffride wlfssdotter, Gawain of Miskbridge (Green Anchor), Juetta Copin, Kihō, Lilie Dubh inghean ui Mordha, Mark Lothian ap Lyonesse, Marrayn Blackgroves (Goshawk), Muirenn ingen Dúnadaig of Concordia (EK) (Mosaic), Niccolina the Wanderer (Hippocampus), Reginald de Beauchamp (Green Shark), Rhiannon Morgaine, Shannon inghaen Bhriain uí Dhuilleáin, Tala al-Zahra, Thomas de Groet, Vreile Payensdochter, and Wynne ferch Rodhri (Blue Shark), Your Commentary is always greatly appreciated.

Adair of Makyswell -New Device "Per chevron inverted embattled argent and azure, a sheaf of three needles and two swans rousant respectant counter-changed"

Device Submission History:

June 2016 Atlantian Return of "Per chevron inverted embattled argent and azure, in pale a sheaf of three needles Or and two swans rousant combatant argent"

The device was returned for rework because the needles do not have good contrast with field. Or cannot be used on an argent field without documentation proving it was used in our time period. The field may be considered a neutral field because it is color and metal but the needles are entirely on the metal part of the field, so the needles must have good contrast with the field."

Golden Dolphin Note: Precedent from the June 2013 cover letter allows for charges in sheaf and other charges as long as they are in a blazonable arrangement.

"Given the period examples, we are overturning past precedent forbidding the combination of a charge and two other charges in saltire, or other similar combinations. We will henceforth treat a pair of charges in saltire and a sheaf of charges as a single unit only for purposes of arrangement under SENA A3D2c. As always, the entire charge group must be in a blazonable period arrangement, such as two and one, in fess, in cross, etc."

Consulting Herald: Beatrice Shirwod, Opal

Albrecht Wellman -New Device "Sable, within a serpent vorant of its own tail argent enflamed proper a mullet of eight points pierced, a bordure argent"

Device Submission History:

June 2016 Atlantian Return of "Sable, a serpent in annulo head in base to sinister argent enflamed surrounding a mullet of eight points pierced argent, within a bordure argent"

The device was withdrawn by the submitter.

Consulting Herald: Reginald de Beauchamp, Green Shark

August Fluegel -Resub Device "Per bend sinister purpure and Or, a hunting horn argent and a barrel sable"

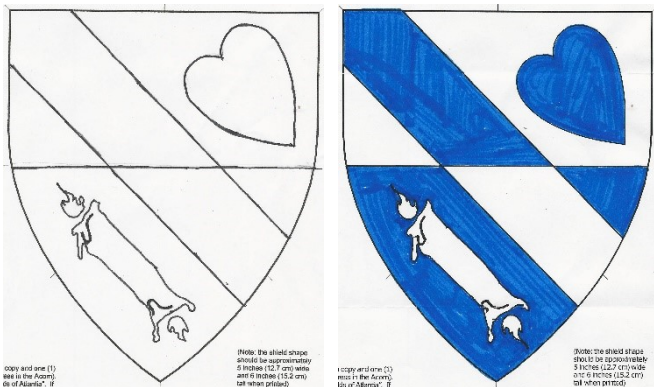

Device Submission History:

March 2016 Laurel Return of "Per bend sinister purpure and Or, a hunting horn reversed argent and a barrel palewise sable"

This device was returned for violating SENA A3D2C, Unity of Posture and Orientation, which states "The charges within a charge group should be in either identical postures/orientations or an arrangement that includes posture/orientation" The charges here are not in a unified arrangement, as the orientations of the hunting horn and barrel must be described independently.

Consulting Herald: Æsa Gylðir

Caitrina inghean Fhearghuis -New Name & New Device "Per fess argent and azure, a bend between a heart and a candle lit at both ends bendwise counterchanged"

Caitrina is found in "Scottish Gaelic Given Names: For Women" by Sharon L. Krossa <http://medievalscotland.org/scotnames/gaelicgiven/women.shtml> Caitrina is dated given name dated to 1400 to 1600.

inghean: is the post 1200 patronymic marker for "Daughter of" "Quick and Easy Gaelic Names" by Sharon L. Krossa <http://medievalscotland.org/scotnames/quickgaelicbyname/>. Inghean is used with the genitive case of the father's given name.

Fhearghuis: is found in "A Brief (and Incomplete) Guide to Forming Genitives of Irish Personal Names" by Heather Rose Jones <http://heatherrosejones.com/names/goedelic/irishgenitives.html> Fhearghuis is listed as the late Irish genitive form of Fergus and is lenited to Fhearghuis

Consulting Herald: Fine ingen Tomaltaig, Boreas

David Aquila -New Name & New Device "Gyronny of sixteen gules and argent, a pomme charged with a Chi Rho within and conjoined to an annulet Or"

David: is found in "Masculine Given Names in Chesham, 1538-1600/1" by Mari ingen Briain meic Donnchada (Kathleen M. O'Brien). David is a masculine give name that is dated to 1598

Aquila: is found in "Masculine Given Names in Chesham, 1538-1600/1" by Mari ingen Briain meic Donnchada (Kathleen M. O'Brien) Aquila is a masculine given name that is dated to 1580

According to SENA appendix A Modern English allows for unmarked Patronymics

Golden Dolphin Note: Precedent allows a mullet with an annulet to be part of the same charge group, when it is a tertiary charge. While the interior charge here is not a mullet, it would at least suggest that the relatively more complex Chi Rho when placed inside an annulet might also be considered a single charge group and not violate our ban on multiple tertiary charge groups.

"Precedent on items within annulets was set on the Cover Letter to the March 2009 LoAR where it says "When both are present in a design as part of a primary charge group, or where they would be expected to be a secondary charge, the widget and annulet will both be considered part of the same group." We are extending this to tertiary charges: a mullet within an annulet, when placed entirely on another charge, is considered a single group. Therefore, this device does not violate our ban forbidding multiple tertiary charge groups on a single underlying charge."

The use of a gyronny of sixteen with a central charge is also a step from period practice.

Consulting Herald: Wynne ferch Rhodri, Blue Shark

Eericka Valdemarsdotter -New Name (SEE Returns for Device)

Eericka: is found in the "Academy of St. Gabriel Report 2284" by Judith Phillips <http://www.panix.com/~gabriel/public-bin/showfinal.cgi?2284+0> Eericka is dated as Finnish Female given name used between 1541-1570.

Valdemarsdotter: is found in Svenskt Diplomatariums huvudkartotek över medeltidsbrev number 11103 (<https://sok.riksarkivet.se/sdhk?EndastDigitaliserat=false&SDHK=11103>)has (though you need to click on the letter to get the original Swedish text): <Eric Valdemarsson> 1377

SENA Appendix A notes Swedish patronymics take the -dotter ending, too.

Consulting Herald: Isolda de Crosthwaite

Elena Colon de Sevilla -New Name

Elena: is found in "Spanish Names from the Late 15th Century" by Juliana de Luna <http://heraldry.sca.org/names/isabella/WomensGivenAlpha.html> Elena has two documented instances.

Colon: is found in "Spanish Names from the Late 15th Century" by Juliana de Luna <http://heraldry.sca.org/names/isabella/surnames-other.html> Colon is found on the list of other surnames.

de Sevilla: is found in "Spanish Names from the Late 15th Century" by Juliana de Luna <http://heraldry.sca.org/names/isabella/locative.html> de Seville is a Spanish locative surname meaning "of Seville".

SENA Appendix A allows for given+ byname+ locative

Consulting Herald: Reginald de Beauchamp, Green Shark

Emmerich von Brunevels -New Name

Emmerich: is found as a male given name in Bahlow s.n. Emmerich, which lists Emmerich Schepkessel 1371.

Von: generic geographic locator "from/of".

Brunevels: is found as a form of Braunfels dating to 1300 at <http://www.lagis-hessen.de/en/subjects/idrec/sn/ol/id/8365> under historical names

Brunevels: is found found in "Deutsches Ortsnamenbuch" edited by Manfred Niemeyer https://books.google.com.au/books?id=olXnBQAAQBAJ&pg=PA88&dq=Brunenfels&hl=en&sa=X&redir_esc=y#v=onepage&q=Brunevels&f=false. Brunevels is dated to 1300.

id=olXnBQAAQBAJ&pg=PA88&dq=Brunenfels&hl=en&sa=X&redir_esc=y#v=onepage&q=Brunevels&f=false. Brunevels is dated to 1300.

(Golden Dolphin Note: The documentation for Brunevels is not that strong, we are asking the College to help find documentation to support Brunevels as a German locative.)

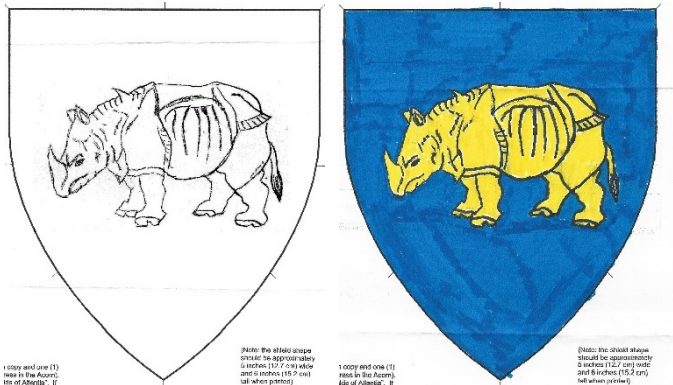

Consulting Herald: Illumintda

Eoin de Barri -New Name & (SEE Returns of Device)

Eoin: is found in "Index of Names in Irish Annals: Eoin" by Mari Elspeth nic Bryan (Kathleen M. O'Brien)<http://medievalscotland.org/kmo/AnnalsIndex/Masculine/Eoin.shtml>. Eoin has 58 instances dated to 1246, 1287, 1316, 1334, 1343, 1346, 1349, 1350, 1353, 1362, 1365, 1366, 1369, 1371, 1373, 1376, 1380, 1383, 1385, 1387, 1398, 1419, 1422, 1440, 1444, 1446, 1461, 1464, 1465, 1468, 1470, 1473, 1490, 1492, 1494, 1497, 1498, 1499, 1500, 1501, 1502, 1508, 1524, 1528, 1529, 1532, 1534, 1539, 1543, 1544, 1545, 1550, 1555, 1559, 1564, 1567, 1570, 1573, 1576, 1577, 1579, 1581, 1582, 1584, 1585, 1586, 1588, 1600

de Barri: is found in "Dictionary of English Surnames" by Reaney and Wilson. de Barri is found under the header name Barry. Nest de Barri dated to 1185.

Fedor Turov Syn -New Device "Azure, a rhinoceros statant Or"

Device Submission History:

May 2016 Atlantian Return of "Azure, a rhinoceros statant Or"

This device was returned for having the rhinoceros depicted in trian aspect. Per SENA A2C1: Elements must be drawn in their period forms and in a period armorial style. In general, this means that charges should be drawn as a flat depiction with no perspective. The use of trian aspect is limited to those charges which require it for identifiability, or which have been shown to have been depicted in trian aspect in period heraldry. A rhinoceros does not need to be depicted in trian aspect to be identifiable. Upon resubmission, please instruct the submitter to use water color markers to color in the submission and not crayons.

February 2016 Atlantian return "Azure, a rhinoceros head couped Or."

The device was returned for rework because it conflicts with Dante di Pietro registered in July of 2005 (via Atlantia): Azure, a rhinoceros's head couped argent. There is only 1 dc for changing the tincture of the rhinoceros head from argent to Or.

Consulting Herald: Mary E Brandon

Gabriel James West -New Name & New Device "Argent, three bendlets enhanced and on chief vert, a keythong passant argent"

Gabriel: is found in Family Search Historical Records

Gabriel Addam, male, christened on 29 May 1597 in Buckingham, England. Batch #C14547-1 <https://familysearch.org/ark:/61903/1:1:ND4H-N2L> : 6 December 2014

Gabriel Kilshaw, male, christened on 18 Feb 1571 in Lancashire, England. Batch #P00117-1 <https://familysearch.org/ark:/61903/1:1:JMIG-R5C> : 30 December 2014

James: is found in Family Search Historical Records

James West, male, christened on 07 Aug 1590 in Sussex, England, Batch #C03950-1 <https://familysearch.org/ark:/61903/1:1:JWHS-CLR> : 30 December 2014

James Abrathat, male, christened on 07 Aug 1597 in Hertford, England, Batch #C02025-1 <https://familysearch.org/ark:/61903/1:1:N566-1Z1> : 30 December 2014

West: is found in Family Search Historical Records

Robert West, male, christened on 15 Feb 1562 in Cumberland, England. Batch #P00302-1 <https://familysearch.org/ark:/61903/1:1:J7WQ-PYZ> : 30 December 2014

John West, male, christened on 03 Sep 1545 in Kent, England. Batch #C04756-1 <https://familysearch.org/ark:/61903/1:1:J7W6-2ZH> : 30 December 2014

According to SENA Appendix A, English allows for Double Given Names.

Note: The use of bendlets enhanced with any other charge is a step from period practice (October 2012 LoAR)

Consulting Herald: Æsa Gylðir

Katheryn de Montgomery -New Name (SEE Returns for Device)

Katheryn: is found in "Feminine Given Names in A Dictionary of English Surnames" by Talan Gwynek, Fause Losenge Herald Extraordinary <https://www.s-gabriel.org/names/talan/reaney/reaney.cgi?Katharine> Katheryn in dated to 1570.

de Montgomery: is found in "Sixteenth Century Norman Names" by Cateline de la Mor <https://www.s-gabriel.org/names/cateline/norman16.html> de Montgomery is listed as a surname.

Consulting Herald: Katelin de Irlande

Malik ibn Da'ud al-Rawandi -New Name & New Device "Gules, on a fess Or a lozenge ployé between a pair of drinking horns gules, in base a demi-axe issuant from base Or"

Malik: is found in "Period Arabic Names and Naming Practices" by Da'ud ibn Auda (David B. Appleton) <http://heraldry.sca.org/names/arabic-naming2.htm>. Malik is listed as a Masculine Isms [Given Names].

Dā'ūd: is found in "Period Arabic Names and Naming Practices" by Da'ud ibn Auda (David B. Appleton) <http://heraldry.sca.org/names/arabic-naming2.htm>. Da'ud [David] is listed as a Masculine Isms [Given Names].

al-Rawandi: is found in "Period Arabic Names and Naming Practices" by Da'ud ibn Auda (David B. Appleton) <http://heraldry.sca.org/names/arabic-naming2.htm> al-Rawandi is listed as a Masculine Cognomens

The pattern ism son of ism (example: Yusuf ibn Ayyub) appears in "Period Arabic Names and Naming Practices" accessed from <http://heraldry.sca.org/names/arabic-naming2.htm>

(Golden Dolphi Note: Malik is means King in Arabic and is found in the Alternate Titles list. <http://heraldry.sca.org/titles.html#table8>. We are forwarding this to Pelican to determine if using Malik in the name is use of a title or rank the submitter does not have in the SCA.)

Consulting Herald: Etienne Sea Stag

Device Documentation:

Charges and layout come from "Islamic Heraldry" by Da'ud ibn Auda (David Appleton) <http://www.appletonstudios.com/MamlukHeraldry2001.pdf>

The drinking horns are sarawil al-futuwwa blazoned in European terms.

Margaret Cameron -Resub Badge Change "Azure, a bee and a dexter tierce embattled Or"

Old Item: Or, a cross bottony vert and a dexter tierce embattled azure, to be released.

Badge Submission History:

March 2016 Laurel Return of "(Fieldless) Four honeybees in cross, heads to center conjoined at the antennae and the outer edges of the wings Or."

This device is returned for redraw, for violating SENA A2C2 which states "Elements must be drawn to be identifiable."

As depicted, commenters had trouble identifying the primary charges and the design was generally perceived as a flower. This is in large part due to the unusual manner of conjoining the outer edge of the wings over much of their length, which significantly diminishes the identifiability of the wings and thus that of the bees.

There is a step from period practice for use of charge with a tierce.

Consulting Herald: Eoin mac Eldeard

Marta von Brunevels -New Name

Marta: is found in Family Search Historical Records

Marta Schmid married on 27 November, 1582, at Ulm in Germany (Batch #: M915034) <https://familysearch.org/ark:/61903/1:1:NZKD-WTC> : 26 December 2014

Marta Zaister christened on 27 January, 1580, at Stuttgart in Germany (Batch #: C916131) <https://familysearch.org/ark:/61903/1:1:NHBK-4HV> : 28 November 2014

Marta Lanterbach christened on 17 July, 1567, at Stuttgart in Germany (Batch #: C916131) <https://familysearch.org/ark:/61903/1:1:NHBK-186> : 28 November 2014

Von: generic geographic locator "from/of".

Brunevels: is found as a form of Braunfels dating to 1300 at <http://www.lagis-hessen.de/en/subjects/idrec/sn/ol/id/8365> under historical names

Brunevels: is found found in "Deutsches Ortsnamenbuch" edited by Manfred Niemeyer https://books.google.com.au/books?id=olXnBQAAQBAJ&pg=PA88&dq=Brunenfels&hl=en&sa=X&redir_esc=y#v=onepage&q=Brunevels&f=false. Brunevels is dated to 1300.

(Golden Dolphin Note: The documentation for Brunevels is not that strong, we are asking the College to help find documentation to support Brunevels as a German locative.)

Consulting Herald: Illuminda

Maximus de Wolf -New Name

Maximus: is found in Family Search Historical Records

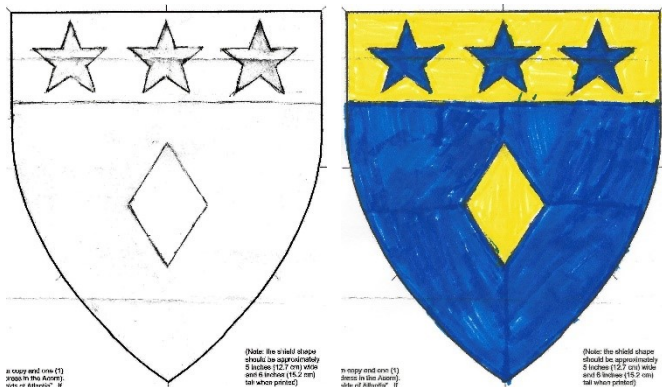

Maximus Reuters, male, christened on 31 Jul 1583, Baden, Germany, Batch #C93828-3 <https://familysearch.org/ark:/61903/1:1:NCCH-ZB9> : 28 November 2014

de Wolfe: is found in Family Search Historical Records

Joannes De Wolf, male, christened on 29 Apr 1599, Evangelisch, Frankenthal, Pfalz, Bavara, Batch #j98429-1 <https://familysearch.org/ark:/61903/1:1:NDNT-QQR> : 28 November 2014

Consulting Herald: Christoph Gir

Trian de Barri -New Name & New Device "Azure, a lozenge and on a chief Or three mullets azure"

Trian: is found in The Annals of Ulster (Author: [unknown]) <http://www.ucc.ie/celt/online/T100001A/text691.html>

U1121.8: Two stretches of Trian Masan from the gate of the ráith to the cross of Brigit were burned.

de Barri: is found in "Dictionary of English Surnames" by Reaney and Wilson, de Barri is found under the header name Barry, Nest de Barri dated to 1185.

Consulting Herald: Mary E. Brandon

Veronica Pasamonte -New Name (SEE Returns for Device)

Veronica: is found in FamilySearch Historical Records.

Margarida Veronica Casanovas, female, christened on 14 Aug 1590 in Gerona, Spain Batch #C89274-2 <https://familysearch.org/ark:/61903/1:1:FR8M-5JH> : 1 January 2015

Veronica Chatarina Rocosa, female, christened on 11 Mar 1599 in Barcelona, Spain Batch #C87620-1 <https://familysearch.org/ark:/61903/1:1:VW64-Q24> : 1 January 2015

Pasamonte: is found in "The place of origin of Pasamonte in the Quijote de Avellaneda" by Alfonso Martín Jiménez <http://parnaseo.uv.es/Lemir/Revista/Revista9/Martin/MartinJimenez.htm> Jerónimo de Pasamonte was born in 1553.

SENA appendix A allows for unmarked locative bynames in Castilian Spanish

Consulting Herald: Æsa gylðir

Xavier Crystal Keeper -New Name (SEE Returns for Device)

Xavier: Xavier is the submitter's legal given name and is attested by the submitter's mother.

Crystal: is found in Family Search Historical Records

Margaret Cristal christened on 6 December, 1635, at Newcastle upon Tyne in Northumberland (Batch #: P004181) <https://familysearch.org/ark:/61903/1:1:j77N-F6F> : 30 December 2014

English allows for an I/Y swap

Keeper: is found in Family Search Historical Records

John Keeper married on 17 April, 1596, at Yarmouth in Norfolk (Batch #: M153051) <https://familysearch.org/ark:/61903/1:1:NXBB-VX2> : 10 December 2014

Christian Barter Keeper christened on 30 May, 1579, at Warminster in Wiltshire (Batch #: C153342) <https://familysearch.org/ark:/61903/1:1:N2CP-BW1> : 6 December 2014

Anne Keeper christened on 28 August, 1586, at Hadleigh in Suffolk (Batch #: C06318-4) <https://familysearch.org/ark:/61903/1:1:JWJ7-Q8F> : 30 December 2014
English allows for double surnames

(Golden Dolphin Note: Name was submitted as Xavier the Crystal Keeper, the name was changed by kingdom because the name could not be documented. Golden Dolphin spoke with the submitter at Sacred Stone Baronial Birthday and the submitter has approved the changes.)

Consulting Herald: Mary E. Brandon

RETURNS

Adaliza of Dun Carraig -New Device "Azure, a fret Or between four swallows volant argent"

Consulting Herald: Engenolf de Vienville

This device has to be returned because the submitter does not have a registered name or name in progress.

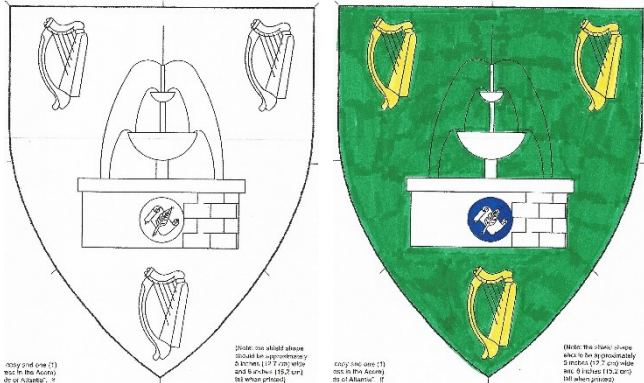

Æsa gylðir -New Badge "(Fieldless) a hart courant azure"

This device is being returned for conflict with the Barony of Andelcrags' badge, (Fieldless) A hart courant azure. The two badges are exactly the same with only a DC for both badges being fieldless.

Consulting Herald: Æsa Gylðir

Alexandria Wright -New Augmentation of Arms "Vert, a three-tiered natural fountain between three harps Or, for augmentation on the base of the fountain a hurt charged with an open scroll and quill in saltire argent"

The submitter was awarded an augmentation of Arms on October 4, 2014 at Fall Coronation by William and Kara. The augmentation is being returned for redraw because the submitter stated in commentary that this was not the finally emblazon for the augmentation. The submitter stated she would be sending a new emblazon. The new form had not been received by Golden Dolphin by publication of the September LoI. Golden Dolphin is returning the augmentation so the submitter can send in the final emblazon that she would like registered.

Consulting Herald: Baroness Wynne ferch Rhodri, Blue Shark

Eericka Valdemarsdotter - New Device "Azure, a pall between a compass rose and two anchors argent"

This device is being returned for conflict with Ailith ferch Dafydd through Ansteorra in March, 1988 ("Azure, a pall between a Celtic cross and two unicorns combattant argent." There is only one distinct change for change of type of secondaries. The secondaries are the same tincture and there is no difference granted for orientation as the secondaries do not have comparable postures or orientations.

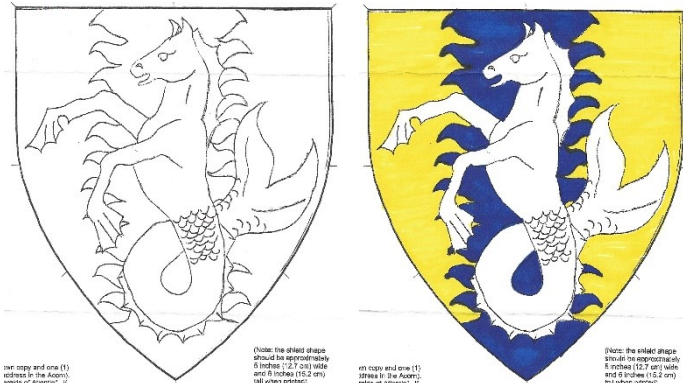

Consulting Herald: Isolda de Crosthwaite

Eoin de Barri - New Device "Sable, a per pile scaly, vert, with a bordure rayonny Or"

This device is being returned for redrawn for several reasons. First, the green and white scaled section cannot be a pile as piles were not issuant from the corners of the shield. The green and white section cannot be field divided per chevron inverted vert scaly argent and sable because a per chevron inverted line of division is issuant from the sides of the shield. It must also be balanced over the fess line of the shield. Second, the gold rayonny cannot be a fimbriation as we cannot fimbriate a field division, only primary charges can be fimbriated. If the pile was properly drawn, a fimbriation cannot have a complex line. Thirdly, the gold section on the field, cannot be considered a pile or per chevron inverted, as it has the same issues as green and white scaled section of the field. Finally the rayonny is improperly drawn, it needs to be drawn more symmetrical and less like waves cresting.

Katheryn de Montgomery -New Name & New Device "Or, a pale rayonny azure, overall a seahorse argent"

This device is being returned for rework because the seahorse lacks good contrast with the field. Overall charges take their contrast from field, therefore the seahorse needs to have good contrast with the field. Upon resubmission, make sure the overall charge is mostly on the field as opposed to being mostly on the pale, drawing the pale a little smaller will help with that.

Consulting Herald: Katelin de Irlande

Sonya Flicker - Resub Device "Per fess vert and purpure a dance and four double-pointed knitting needles in fret argent"

This device is being returned for rework because the charges are not in a standard period arrangement for groups with 4 or more charges. In fret is not an arrangement listed in SENA Appendix K for charge groups with 4 or more charges. To register this arrangement of four charges, it would need to be documented.

Device Submission History:

February 2015 Laurel Return of "Per fess purpure and vert, a fess dancetty between three sets of four knitting needles fretted in saltire argent"

This device is returned because the charges are not in a standard period arrangement for groups with four or more charges as listed in SENA Appendix K. To be registerable, this arrangement of twelve charges would need to be documented.

Consulting Herald: Wynne ferch Rhodri, Blue Shark

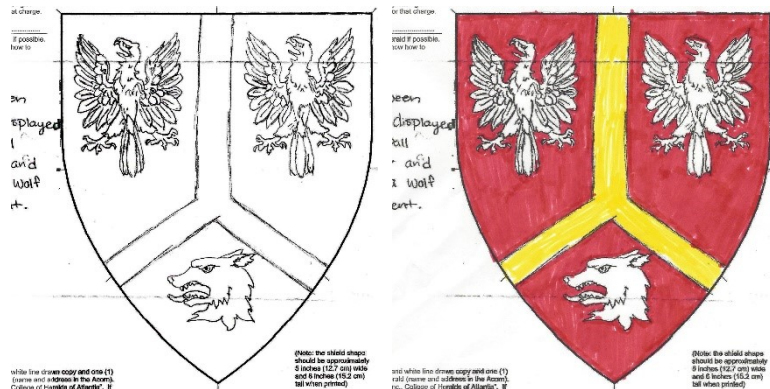

Veronica Pasamonte - New Device "Per chevron inverted purpure and argent, three plates and a phoenix gules"

The device is being returned for redraw because the triangle at the top is neither a per chevron inverted or chief triangular. If it is meant to be per chevron inverted, the per chevron line needs to be drawn closer to the fess line and balanced over the fess line. If it is meant to be a chief triangular, the triangle needs to be drawn a little smaller and cannot reach the fess line. The chief should only be on the top 1/3 of the shield.

Consulting Herald: Æsa gylðir

Xavier Crystal Keeper - New Device "Gules, between two eagles displayed argent, a pall inverted Or and in base a wolf couped argent"

This device is being returned for conflict with Franziska Gerdrudis Kesselheim "Gules, a pall inverted Or between two unicorns combattant argent and a natural tiger couchant argent marked sable". There is only 1 DC for type of secondaries, the charges don't have comparable postures so we can't get a DC for change of posture. Upon resubmission, please draw the pall a little larger and the intersection of the pall should be drawn closer to the fess line, so that the sections of the field are evenly divided. Also the erasures on wolf head need to be more prominent so one-sixth to one-third the total height of the charge being erased.

Consulting Herald: Mary E. Brandon

July 2016 LoAR Acceptances

ATLANTIA

Alis Ruadh. Name.

The submitter requested authenticity for an Irish name. This name is authentic for Irish Gaelic in the latter half of the 13th century.

Arwen Silvana. Name and device. Azure, a wolf statant erect contourny maintaining a spiked mace, an orle argent.

Arwen is the submitter's legal given name. It is also an attested late period English byname, which can be used as a given name. However, the combination of an English given name and Spanish byname is not an acceptable lingual mix under Appendix C of SENA, so the submitter must rely on the legal name allowance.

Bright Hills, Barony of. Badge change for Award of the Bow and Crescent. (Fieldless) On a decrescent sable a bow reversed Or.

The barony's old badge, *(Fieldless) On a decrescent sable a bow Or*, is released.

Caterina di Paulo. Name.

Submitted as *Caterina di Paolo*, the name was changed in kingdom to the submitter's preferred form of *Caterina di Paulo*. The submitter confirmed the desired spelling, which we are happy to register.

Nice 15th or 16th century central Italian name!

Clara von Wonsiedel. Badge. Sable, on a rabbit courant Or a needle fesswise gules.

Davið Smiðsson. Name and device. Per bend vert and Or, a wolf courant argent and a raven regardant sable.

Éadaoin an Fheadha inghean Uí Shéghdha. Badge. (Fieldless) A fleur-de-lys Or winged azure.

Ena inghean Diarmata. Name.

Submitted as *Ena ingen Diarmaid*, the name was changed in kingdom to *Ena inghean Diarmata* to use the post-1200 patronymic particle and to correct the genitive (possessive) form of the father's name. The submitter confirmed that she prefers the form on the Letter of Intent, so we are happy to register the corrected form.

This name combines an English given name and a Gaelic byname. This is an acceptable lingual mix under Appendix C of SENA.

Freydís sjóna. Name.

Submitted as *Freydís sjóna*, the name was changed in kingdom to *Freydís sjona*. As Old Norse names are registerable both with and without accents as long as they are consistent through the whole name, we have restored the accent in the given name.

George Flyk. Name.

The source for *Flyk* cited in the Letter of Intent ("An essay towards a topographical history of the county of Norfolk, Volume 5" By Francis Blomefield <https://books.google.com/books?id=1IsMAQAAMAAJ>) may have used normalized spellings. A second source, *The Calendar Patent Rolls of Edward I, 1281 to 1292 AD* (<http://sdr.lib.uiowa.edu/patentrolls/e1v2/body/Edward1vol2page0043.pdf>) appears to have the spelling *Flyk'*, where the apostrophe represents a scribal abbreviation; thus, the expanded spelling is likely *Flyke*. However, the submitted spelling is reasonable in 16th century England based on examples such as *Dyk*, *Dyck*, and another form of the submitted name, *Flycke*, all found in the FamilySearch Historical Records.

Jared the Bear. Name change from Jared the Potter.

Jared is grandfathered to the submitter. This given name was also found in 16th century England in the FamilySearch Historical Records, so the submitter need not rely on the grandfather clause.

The byname *the Bear* is a lingua Anglica form of the attested *le Bere*, found in Reaney & Wilson, s.n. Bear.

The submitter's previous name, *Jared the Potter*, is retained as an alternate name.

Jehannette de Paris. Name.

Nice 15th century French name!

Justinian of Dun Carraig. Device. Gules, an eagle face to sinister Or sustaining a hammer fesswise reversed argent, a base rayonny Or and a bordure argent.

Ljotr Sveinsson. Name.

Marco Antonio di Luciano Fortini. Name and device. Vert, in bend sinister an increscent and a wolf sejant ululant contourny argent.

All elements and the construction of the patronym are dated to 1427. Nice 15th century Florentine name!

The submitter may wish to know that the compound name *Marcantonio* appears in Juliana de Luna's "Names from 15th and 16th Century Pisa" (2014 KWHSS Proceedings). If the submitter prefers this given name, he can submit a request for reconsideration.

There is a step from period practice for the use of the ululant posture.

Peter Stumpf. Name.

This exact name is found in a German christening record from 1598 in the FamilySearch Historical Records, making this an excellent late 16th century German name!

Qulan Chaghan. Name and device. Purpure, a horse courant argent, in base a flame Or.

After the Pelican decision meeting, Noir Licorne noted that Mongolian names typically use the pattern *[noun] + [modifier]*, but some manuscripts reverse this order according to Marta as tu Mika-Mysliwy's article "Mongolian Naming Practices" (http://heraldry.sca.org/names/mongolian_names_marta.html). Therefore, it is possible that *Qulan Chaghan* and *Chaghan Qulan* could be used interchangeably to describe the same person. As *Khulan* is an alternate transliteration for *Qulan*, this name is potentially identical to the alternate name *Chagan Khulan*, registered to *Ekaterina Vladimirovna*.

Under SENA, only sound and appearance are considered for identity conflict. PN3C of SENA states:

To be clear of identity conflict, two names must be substantially different in both sound and appearance. Because conflict is a modern concept, we consider matters such as meaning, language, etymological origin, etc. to be irrelevant for conflict. Only sound and appearance are considered for difference. Thus, the Latinized form of a name may be clear of conflict with the vernacular form. While we do not go out of our way to consider variant pronunciations, we do consider important period and modern pronunciations of name elements.

To be substantially different, a pair of names must be different in sound and appearance under the standards laid out below. Names may be different in sound under one standard and appearance under another standard. Names are compared as complete items, so that *Lisa Betta Gonzaga* conflicts with *Lisabetta Gonzaga*, although the elements are different.

Although we consider variant forms of names for protected real-world individuals, such that they are protected under every name by which they were known, we do not do so for Society names that we register. Therefore, we are only comparing *Qulan Chaghan* to *Chagan Khulan*; we cannot change the name to a hypothetical form before considering them. As every syllable has been changed, this name is clear of conflict.

Raven's Cove, Barony of. Order name Award of the Golden Heart of Raven's Cove.

Rónán mac Ímair. Device. Gules, a sea-lion and on a chief enarched Or an arrow reversed sable.

Una Gylðir. Name.

Submitted as *Una Gylðir*, the byname was inadvertently changed in kingdom to *Gylðir*. We have restored the name to the submitted form in order to register this name.

Vemundr Vighjalmsson. Name change from Vermundr Vighjalmsson.

The submitter's previous name, *Vermundr Vighjalmsson*, is released.

Wrad of Ce. Name and device. Vert, a fess argent masoned azure, overall a griffin maintaining a spear bendwise Or.

The byname *Ce* is a lingua Anglica form of the name of a Pictish kingdom.

July 2016 LoAR Returns

ATLANTIA

Seamus Tremayne of Argyll. Device. Per pale Or and purpure, a cross bottony and a grenade counterchanged, a chief embattled checky sable and argent.

This device is returned for appearance of marshalling under SENA A6F2c, which states "When different sections of the field contain different types of charges, it creates the appearance of marshalling." Here we have different types of charges on each side of the per pale line of division with the cross and the grenade. The addition of the uncharged chief which has good contrast with each side does not remove the appearance of marshalling as this could be the impalement of *Or, a cross bottony and a chief embattled checky sable and argent* and *Purpure, a grenade Or and a chief embattled checky sable and argent*. SENA A6F3c explicitly says that a chief only removes the appearance of marshaling if it has poor contrast with one side or has charges that cross the center line.

Tryggvi eldbrjotr. Name.

The byname was constructed to mean "fire breaker". All of the examples of *X breaker*, with the exception of *volubriotr* "exorcist", involve tangible things such as fences, horns, graves, and people. Fire is not something that can be broken. Without evidence to show this name is plausible in our period, we cannot register it.

August 2016 LoAR Returns

ATLANTIA

Varinfrith Wolfraban. Name change from Frixco Osnath.

This submission has been withdrawn.

August 2016 LoAR Acceptances

ATLANTIA

Abigael MacDonald. Name change from Iollann of Glencairn.

Nice Scots name for c.1600!

The submitter's previous name, *Iollann of Glencairn*, is retained as an alternate name.

Bjorn inn hávi. Badge. Sable, a bend Or between a natural seahorse and three swords argent.

Camillo da Milano. Device. Per saltire sable and argent, a mullet of eight points counterchanged argent and gules.

Cornelia Caeciliana. Name.

The submitter requested authenticity for "500-1000 CE Roman". This is an authentic classical Roman name, but is less likely from the 6th century on. Therefore, it may be authentic for her desired time period, but we do not know for sure.

The Letter of Intent stated that the submitter's previous name, *Narumi Rakeshe*, is to be released. As this name is not registered, we cannot release it.

Edward Shirebrooke. Badge. Argent, an Algiz rune within an annulet vert.

Frixco Osnath. Device (see RETURNS for name change). Per pale sable and vert, two coney salient respectant attired and a chief indented argent.

Fyen van Amsterdam. Name and device. Azure, a six-petaled daisy Or, on a chief argent three wolves rampant contourny vert.

George Flyk. Device. Per bend Or and chequy argent and sable, a bend and in chief three roses gules.

Grimkell of Bright Hills. Device. Per bend lozengy Or and azure and gules, a wolf rampant contourny regardant per bend gules and argent.

Ingegerd Kastanrazi. Name change from Isabella Ironstone.

The byname *Kastanrazi* is glossed in Geirr Bassi as "wiggle arse". This name is not offensive:

Those present at the Pelican decision meeting did not think that *Raza-* is offensive, noting that "arse" does not have the same connotation as the returned "anus" or "asshole". Therefore, we are able to register this name. [Raza-Skúli, June 2015, A-Atenveldt]

The submitter's previous name, *Isabella Ironstone*, is retained as an alternate name.

Johan Andersson. Name.

Morishima Aishiko. Device. Argent, a phoenix purpure rising from flames proper issuing from a sustained open book sable.

Rose Eileen Robertson. Name.

Submitted as *Rose Aileen Robertson*, the second byname was changed in kingdom to *Eileen* because the spelling *Aileen* could not be documented in our period. We were unable to document the preferred spelling, so we have not restored the spelling to the submitted form.

Serena Giovanna de Verona. Name.

Although *Serena* was documented in the Letter of Intent as a Spanish given name, it is also found in 15th century Pisa in Juliana de Luna's "Names from 15th and 16th Century Pisa" (2014 KWHSS Proceedings). Therefore, this name is wholly Italian instead of Spanish-Italian.

Wanda Ostojowna. Badge. (Fieldless) On a billet fesswise sable transfixed by an arrow bendwise sinister inverted Or a plate.
